This section may also include details of engineering work affecting other train operators that may have an impact (particularly on volume of passengers) on East Midlands Trains' services.

During the Easter weekend, Good Friday - Easter Monday essential improvement work will be taking place on the West Coast Mainline. East Midlands Trains services between London St Pancras International and the north of England are therefore likely to be busier during this time.

Local Services

Saturday 28 March

- Liverpool Lime Street – Norwich services will be diverted and operate separately between Liverpool Lime Street – Nottingham and between Nottingham – Norwich.
